

Introduction to the 7 Habits® of Highly Effective Teenagers

The 7 Habits of Highly Effective Teenagers is one of many programmes provided by FranklinCovey, a global leader in effectiveness training and productivity tools. FranklinCovey's original flagship programme was The 7 Habits of Highly Effective People, based on the book of the same name by Dr Stephen R Covey and is among the best-selling books of all time, consistently rating high on best-seller lists 15 years after the publication of the first edition.

This new offering from Sean Covey builds on the work of his father but provides sustainable learning specifically for teenagers. The programme has been created to speak their language and meet their needs as developing adults, offering teenagers the support that is needed in these challenging years. The material has recently been used to develop a Level 2 Award in Personal Effectiveness qualification awarded by our accreditation partner, Qualifications Network, who are an Ofqual recognised awarding body.
